So Voted.

NEW BUSINESS:

Selectboard outlined the details of the Sewer Bond, the severe need for upgrade and the impact on individual taxpayers and sewer users.

Aldrich & Elliott Engineers outlined the project, the deficiencies at the current facility and the need to upgrade before the plant truly begins to fail.

Rama Schneider of the schoolboard indicates that the schoolboard is in favor of the sewer bond and indicates that if the sewer plant fails and is shut down than the schools would be required to close as well, as there is not a way to keep the schools open without functional facilities for faculty and staff.
