

## Planning Commission September 2, 2015

Attended by: Horace Duke, Margret Philips, Karen Reilly, Kim Richards, Matt Rouleau

The Board discussed the timing of the town plan that will expire on November 8 2015. Although the commission has been meeting nearly weekly to review and update the plan, it is not complete to our satisfaction. The commissions discussed two options, one to rush thru to meet the dead line and second to continue and set a new goal to have the plan ready by January 2016. We are aware the statute reads that we will be without a plan thru that period but feel that we should have a well thought out plan, and chose not to push thru to meet the expiration date of the old plan. We will meet each Wednesday evening until the plan is complete. Matt will bring this request to the next scheduled select board meeting.

The commission continued to work on updating the new plan, Margret will work with a state mapping agency to update the maps.

The next meeting date is September 9, 2015 at 7:00pm

The meeting adjourned at 8:30
