New Business:

Rich T. Looked over and reviewed the Chapter IV from the Town Plan that Rama compiled from the Chat/GPT.

Horace D. Discussion on some of the items. "C" #1 – History – the para With is correct. #6 School District Merger – etc – is ok. #7 Homeschooling - - We continue to take in a high school student for what they cannot do on their own. The school will have them attend school for that particular subject.

Rich T. How many students are helped in this way? In Williamstown or in the school district?

Horace D. I can find this out.

Rich T. Looking at our Town Plan and some of the chapters that we will need help with. Maybe we can hire CVRPC to pull some information together The Fish & Game for example. I'd also like to encourage our members to look at some chapters that might not need a lot of changes. The Village Designation area is o.k. as it has been recently updated.

Discussion on B. Education Attainment - #2 – Enrollment Trends. The state is changing the way they will be paying for students on the different grade levels.

Rich T. Future Land Use Draft Report - - Just a reminder to look over the Draft Report. Also known as "FLU". This report is due to the Legislature by Dec. 15, 2023.
